

Mobile lithium battery pack

Is Moultrie rechargeable lithium-ion battery pack sustainable?

Increase the longevity of your trail camera, game camera, or other essential hunting gear with the eco-friendly and cost-effective Moultrie Rechargeable Lithium-Ion Battery Pack. This innovative power solution not only saves you money but also reduces battery waste, making it a sustainable choice for your outdoor adventures.

What is a cellular trail camera battery pack?

Whether you're using cellular trail cameras, hunting and trail cameras, or the Moultrie Edge Cellular Trail Camera, this battery pack enhances the performance of your equipment. Say goodbye to the hassle of constantly replacing disposable batteries and experience the convenience of reliable power.

How many charge cycles does a lithium ion rechargeable battery last?

Designed to provide maximum power storage and efficiency, this lithium-ion rechargeable battery is rated for approximately 1,000 charge cycles, equivalent to using about 16,500 alkaline AA batteries. By choosing this rechargeable battery pack, you not only reduce your environmental footprint but also enjoy long-term savings.

Why should you buy a Moultrie battery pack?

With this sustainable and efficient power source, you can capture the beauty of wildlife without interruption while being kind to the environment. Trust in the longevity and reliability of Moultrie's battery pack for all your hunting accessories and hunting camera needs.

Why do you need a battery pack?

With this battery pack, your camera stays operational for an extended period, ensuring you don't miss any critical wildlife action. Built for the Outdoors: Built to withstand the elements, this rechargeable lithium-ion battery pack is durable and reliable, ready to capture action in any weather condition.

Which rechargeable batteries are best?

After running through several brands, I've found Eneloop rechargeable batteries to be the longest-lasting and most reliable. The fast Panasonic charger can recharge any combination of AA and AAA batteries in less than four hours, and you can sometimes get it bundled in a pack that includes four AA Eneloop rechargeable batteries.
