In the simplest terms, manufacturing is the process of producing actual goods or items/products through the use of raw materials, human labour, use of machinery, tools and other processes such as chemical formulation. This process usually starts with product designing and raw material selection, turning them into an actual product output. Solar Products ...

When Solex solar roof tiles are installed, each tile uses 3 aluminium support bars screwed directly into the battens, to hold the tile on the roof. Then, as the roof is installed, our double-lapped patten ensures adequate weatherproofing for even the worst weather.

At SolarTyle, we go beyond traditional solar panels by offering integrated solar tiles that enhance the look of your roof while delivering optimum energy efficiency. Our mission is to transform your property into an elegant and efficient energy powerhouse.
