

Port Moresby Outdoor Power Factory

What is Port Moresby power station?

The Port Moresby Power Station will provide reliable power to Port Moresby and is the lowest cost dedicated grid connected thermal generation in the country. Replacing heavy fuel oil and diesel, the gas-fired power plant also brings a material reduction in the environmental impact from power generation in PNG.

Will niupower Port Moresby power station save png?

" NiuPower is pleased and proud to have developed PNG's first ever dedicated grid-connected gas fired power station. Our customer, PNG Power Limited, are on record as saying that the NiuPower Port Moresby Power Station coming online will save them, and thus the nation, up to K100 million annually.

Who is responsible for Papua New Guinea's 58MW power plant?

Under the agreement, NiuPower takes full responsibility for the operations of the 58MW power plant, which is the first ever utility-scale gas-engine powered plant in Papua New Guinea. The operation and maintenance of the plant is remotely supported by NiuPower's Expertise Centres.

What is Papua New Guinea's pom power station?

"POM Power Station has been a nation-building infrastructure project in Papua New Guinea that will transform the lives of those in the community. The recently completed project also achieved Zero Harm; this is an incredible accomplishment on a project of this scale in a challenging environment, and a credit to all involved." Clough, 2019.

How much does a gas-fired power plant cost in PNG?

Replacing heavy fuel oil and diesel, the gas-fired power plant also brings a material reduction in the environmental impact from power generation in PNG. The Project is designed to be capable of staged expansion to approximately 175 MW with the cost for the initial 58 MW plant being ~US\$100 million.

Who owns niupower in Papua New Guinea?

*NiuPower Limited is a Papua New Guinean company focused on the development and operation of power generation assets in Papua New Guinea fuelled by PNG produced natural gas. NiuPower is jointly owned by Kumul Petroleum Holdings Limited (PNG's national oil company) and Oil Search Limited.
