

Power outage outdoor power emergency

What is a power outage?

A power outage is when the electrical power goes out. Planned or unexpected, it can last for days or longer. Lighting, refrigeration, water, air conditioning, the internet, and medical equipment may not work. Climate change is making extreme weather events more frequent.

What are some services disrupted by a power outage?

A power outage occurs when the electrical power goes out. Planned or unexpected, it can last for days or longer, disrupting communications, water, transportation, stores, banks and other services. This may impact needs such as lighting, heating, cooling, communication, food and medicine refrigeration, cooking and medical equipment.

How does a power outage affect a community?

Extended power outages may impact the whole community and the economy. A power outage is when the electrical power goes out unexpectedly. A power outage may: Disrupt communications, water and transportation. Close retail businesses, grocery stores, gas stations, ATMs, banks and other services. Cause food spoilage and water contamination.

What should you do if you have a power outage?

A power outage may: Disrupt communications, water and transportation. Close retail businesses, grocery stores, gas stations, ATMs, banks and other services. Cause food spoilage and water contamination. Prevent use of medical devices. Keep freezers and refrigerators closed. Use a generator, but ONLY outdoors and away from windows.

How long does a power outage last?

Planned or unexpected, it can last for days or longer. Lighting, refrigeration, water, air conditioning, the internet, and medical equipment may not work. Climate change is making extreme weather events more frequent. These weather events can stress our electrical grids and lead to more power outages.

What precautions should you take before a power outage?

To keep your household safe and to minimize the effects of outages on your home and family, take the following precautions before a power outage. You and your household should be prepared to cope on your own during a power outage. Prepare your emergency kit.
