Have just purchased the Rover 1300 power station (Xmas 2024) for this year's camping (which was a non event) The unit is well made and designed, it's light enough to carry, it's easy to read the display and know what is going on in the power station. There is a fan which does work when charging on 240v some of the time, it's not very noisy at all.
