

Madrid UPS uninterruptible power supply manufacturer

A uninterruptible power supply (UPS) ensures the supply of critical electrical loads in the event of disruptions in the power grid, English Uninterruptible Power Supply (UPS). This must be distinguished from the emergency power supply (also known as a "mains backup system"), as this results in a brief interruption in the power supply during the switchover.

With 20 years of R& D experience in UPS industry, SCU, one of the biggest uninterruptible power supply manufacturers, provides 6KVA to 900KVA UPS products that are ...
