

Managua container outdoor power supply

What are custom land-based power supply solutions?

We'll be happy to develop robust custom land-based power supply solutions for you in accordance with the DIN VDE 0100- 709, part 7-709 standard for ports. These solutions are designed and built to resist seawater and strong winds. They ensure that your ship or ferry will always have the power it needs, also with long-term mooring.

What's going on in container and passenger ports?

Ships arriving and departing, containers and merchandise being loaded and unloaded, countless people on the job: there's always a lot going on in container and passenger ports. Our solutions let you reliably supply power to container ships and terminals, large passenger ships, yachts, and boats of all sizes.

Which receptacles withstand the high demands of container ports?

The lockable DUOi wall mounted receptacles withstand the high demands of container ports excellently. The practical LED voltage indicator provides information about the current status of the device. The robust MENNEKES plugs and sockets withstand the high demands of container ports excellently and are proven worldwide.

How many power supplies can be mounted in a 40ft container?

Power supplies $\leq 300\text{kW}$ can be mounted in only a single 40ft container, while greater powers can be achieved in multiple containers and connected upon delivery. Depending upon specifications, containerized power supplies may be stacked, or located side-by-side. Setup and testing or shut-down and packing can be achieved within a matter of days.

Energy Container . One-and-a-half years in development, the 20' container offers 80kWh of Li-ion battery storage, and provides up to 30kW at 230/380V, configured either as an off-grid or grid ...

Energy Container . One-and-a-half years in development, the 20' container offers 80kWh of Li-ion battery storage, and provides up to 30kW at 230/380V, configured either as an off-grid or grid connected power source. The unit is scalable allowing in-parallel connection to more containers. What's in the box?
