

Middle East 300W photovoltaic glass price

How big is the Middle East & Africa solar photovoltaic (PV) market?

The Middle East & Africa solar photovoltaic (PV) market size was valued at USD 5.00 billion in 2022. The market is projected to grow from USD 6.93 billion in 2023 to USD 37.71 billion by 2030, exhibiting a CAGR of 27.4% during the forecast period. Solar panels form the heart of any solar energy system.

What is the Global Solar Photovoltaic Glass market size?

The GCC Countries' solar photovoltaic glass market is projected to witness growth at a CAGR of 29.5% during the forecast period, with a market size of USD 69.54 million in 2024. Solar photovoltaic glass sales flourish due to the presence of major market players.

What is the growth rate of Solar Photovoltaic Glass market in 2024?

Middle East and Africa solar photovoltaic glass market will be USD 162.48 million in 2024 and will grow at a compound annual growth rate (CAGR) of 28.7% from 2024 to 2031. The market is foreseen to reach USD 1014.2 million by 2031, owing to the advancements in technology.

Why is the Solar Photovoltaic Glass Wall market growing?

The solar photovoltaic glass wall market in the Middle East and Africa is continuously expanding, owing to the region's increasing solar energy adoption due to abundant sunlight, government incentives, and growing demand for sustainable energy solutions.

Which country has the most solar installations in the Middle East?

Amongst all the countries in the Middle East region, the United Arab Emirates holds the maximum installations and PV projects in the pipeline for solar PV installation. Rapidly growing renewable deployment coupled with encouraging initiatives by the national administration is set to boost the setup of new solar units in the country.

What is the competitive landscape of solar photovoltaic market?

The competitive landscape of this market depicts a market share dominated by solar photovoltaic manufacturers which hold a superior position in the global market. The competitive landscape which has well-established supply chains with preference from customers dominated the market in the Middle East too.
