What accessories do you need for a portable power station?

One of the most common accessories is going to be a cord to connect to similar power stations in series, often times doubling your power output. Some portable power stations have a light bar built into the housing, which is useful for seeing at night. Anker's Solix C800 Plus also includes extendable camping lights.

What are the best portable power stations?

To help you decide, I tested the efficiency, in a variety of scenarios, of the best portable power stations from Jackery, Oupes, EcoFlow, Anker, Goal Zero, Greccell, Bluetti, Dakota Lithium, Lion Energy, Vtoman, and Ugreen. [What to Know Before Purchasing a Portable Power Station](#)

Are portable power stations suitable for camping?

Almost all compact portable power stations will be suitable for camping, but I rather like the Bluetti Handsfree 2 for this role - mostly because many of them are big, boxy, unwieldy units that take up a fair amount of space.

What is the best portable power station for backup?

Anker Solix F1200 (1,229Wh): This unit was previously known as the PowerHouse 757 from Anker, and was also CNET's previous pick for "best portable power station for backup." Its UPS mode was one of the earlier units to boast "less than 20ms" switchover time in the event of a power outage. It's also currently \$500 off on Anker's site.

How much power can a portable power station hold?

While a particular power station might claim to hold 1,000 watt hours, the actual amount of usable power you can get out of it is a different story. The best portable power stations also have an onboard computer that shows you how much energy is left in your unit, as well as how much power it's currently using.

How do I choose a portable power station?

Output is the other piece of the puzzle here. You'll want to consider what you need to run. If you simply top-up some phones and laptops, the smaller portable power stations that have just one or two AC outlets and a handful of USB-C and USB-A ports should be enough for you.
