

Price per square meter of photovoltaic tiles in Ljubljana

How much do Tesla Solar Roof tiles cost in the UK?

Tesla solar roof tiles aren't currently available in the UK, and it's unclear when, if at all, they will be. If Tesla solar roof tiles become available, the company said they will cost \$21.85 (£17.23) per square foot. That's equivalent to \$235.12 (£185.37) per square metre. Based on this, here are the expected costs of a Tesla solar roof:

How much do solar roof tiles cost?

An average of 3.5 kW solar roof tile system will cost you £9,500. Information last updated in March 2025. By contrast, on average, 3.5kW worth of solar panels will set you back £7,026. But remember, you are also getting a new roof with your solar tiles, so direct price comparison is slightly misleading.

Are solar roof tiles as efficient as solar panels?

As solar roof tiles are a more niche product, available in different variations to match your roof, and installing them means re-tiling your roof, they are more expensive to buy and install than solar panels. But are they as efficient as regular solar panels? That depends.

What types of solar tiles do Edilians make?

Edilians solar tiles - Edilians make two types of solar tiles, Solar Max and HP 10 Solar. The Solar Max have an aluminium casing and are larger, fitting two per square metre, while the HP 10 have a clay support and fit five per square metre. Both are available in slate or red colours.

What are solar roof tiles?

Just like solar panels, solar roof tiles convert sunlight into electricity, but they're made to look just like traditional roof tiles. Some models are actual roof tiles with integrated solar cells.

Are solar tiles better than traditional solar panels?

In most cases, using solar tiles allows for much larger solar installations (in terms of area) than traditional solar panels. With more and more solar tiles coming onto the market, the problem at the moment is that there are far fewer qualified and experienced installers out there than there are for conventional solar panels.

At the moment, lease prices range around EUR 10 per square meter. For instance, renting a one - bedroom apartment in Ljubljana can cost 380 to 6 00 euros per month. In the last few years, there have been fewer long - term ...
