

What is a 220V power supply?

This 220V power supply is equipped with PFC, short-circuit proof and protected against over voltage and overheating. This stabilized 220V power supply can provide DC power of up to 12A and an output power of 3000W. The output voltage is adjustable at the front between 37.5V and 260V, making the power supply suitable for many purposes.

Why are outdoor power supply sales important?

Sales are at the forefront of the outdoor power supply industry, leading the development of the outdoor power supply industry. In fact, the fast-response manufacturing system is a strong competitive advantage of the company.

Why is powerfar a pioneer in the outdoor power supply industry?

However, powerfar is the first in the world to launch a new type of environmentally friendly outdoor power supply. So it became one of the pioneers of outdoor power supply. Sales are at the forefront of the outdoor power supply industry, leading the development of the outdoor power supply industry.
