

# Slovakia Energy Storage Backup Power Company

What happened to Slovakia's energy supply?

Although Slovakia is a significant producer of nuclear and hydroelectric energy, its biggest energy provider made a costly decision to sell off its excess power to energy traders early in the year. These traders are now selling the contracts back to Slovakia at market prices that are about five times higher.

Who is a Slovak technology company?

We are a Slovak technology company providing energy optimization. We are bringing a modern approach to the energy industry that transforms ordinary consumers into active energy market participants.

Which company has provided a battery storage system for SEPs?

We would like to express our satisfaction with the cooperation with TESLA ENERGY GROUP, which has supplied us with a battery storage system with a capacity of 5200 kW and 2914 kWh. This system, combined with our gas turbine, plays a key role in providing support services to SEPS.

Who is ZSE Energia?

The company is one of the most innovative power and gas suppliers in the region. In 2019, ZSE Energia serves more than 1 million customers and delivers annually 9 TWh of energy. Realization timeline 2019 2020 1 2021

What is the capacity of energy storage facility?

Energy storage facility of a cumulative installed capacity of 384 MW, storage capacity allowing a net annual electricity generation of 250 GWh. The storage will consist of several smaller units (~32-64MW) located in Slovakia (central Europe).

How many customers does ZSE Energia serve?

In 2019, ZSE Energia serves more than 1 million customers and delivers annually 9 TWh of energy. Realization timeline 2019 2020 1 2021 2022 2 2023 2024 3 2025

Our commercial energy storage battery decreases carbon emissions and supports your company's sustainability targets. Based on our proven success in landmark projects, such as Low Voltage Energy Systems In Slovakia, High Voltage Energy Systems in Switzerland, and Commercial energy storage in the Czech Republic, we have accumulated lots of ...

TESLA ENERGY GROUP is part of a strong holding of 23 companies providing comprehensive energy services in the Central European region. Our sales offices can be found at prestigious addresses in Prague and Bratislava and our sales representatives are also active in other Central European countries. ... BESS (Battery Energy Storage System) is a ...
