

Solar Water Pump Factory

Who makes solar water pump?

Established in 2014, LARENS is one of the leading solar water pump manufacturers in China. High efficiency intelligent MPPT controller makes pump start and stop working automatically. Permanent magnet DC brushless motor, efficiency improved by 20~30%. Longer use life than normal electrical AC pump motor. News Solar energy is the future.

What is a solar water pumping system?

A solar water pumping system consists of a PV array, a motor, and a bore pump. Solar water pumping arrays can have permanent mounts, or installers may place them on passive trackers to increase pumping time and volume. Both AC and DC motors with centrifugal or displacement pumps are used in these circumstances.

Where to buy solar pump in China?
